

UNITED

LABORATORIES

United 372 Earth Smart® Exterior Coil Cleaner is:

- Bio-based – Formulated with surfactants on the EPA’s Cleangredients list.
- Earth Smart® certified to be safer in use and safer for the environment.
- Phosphate-free
- NPE-free
- VOC-free
- Non-butyl
- Non-caustic
- Solvent-free

This high-foaming formulation will quickly break through efficiency robbing soils built up on coils so they can be easily rinsed away. Inhibits corrosion on aluminum, plain steel and copper.

ALWAYS BE CERTAIN ALL ELECTRIC CURRENT IS SHUT OFF BEFORE ANY CLEANING OPERATION IS BEGUN.

DIRECTIONS FOR USE:

Dilute **United 372** with one to three parts of water. Spray this solution on the cooling fins and coils. United’s A199 Stainless Steel Atomizer, A042 2 Gallon Compression Sprayer, or A078 Foamatic Trigger Sprayer are recommended to apply UNITED 266. Allow product to remain for three to five minutes, and rinse off with clean water under pressure. Use same strength solution for cleaning permanent filters. Always rinse dirt and soil away with clean water after cleaning, to prevent re-desposition of soil.

Do not spray water solutions on electrical equipment. Protect starters, switches, relays, etc., with a polyethylene bag, or similar protection before spraying water solutions. For extra protection, spray UNITED 101 on these electric parts before beginning to clean this type of machinery and equipment.

Earth Smart® Exterior Coil Cleaner

**KEEP OUT OF REACH OF CHILDREN.
CAUTION
SEE SIDE PANEL FOR ADDITIONAL
PRECAUTIONARY STATEMENTS.**

PRECAUCION AL USARIO:

Si usted no puede leer Ingles, pregunte a alguien que le traduzca esta etiqueta para usted antes de uso.
