- NON-ACID
- DYE-FREE

#### GENERAL INFORMATION:

**United 350** is specially formulated to provide an all purpose cleaner for most industrial and institutional cleaning applications. It will penetrate and emulsify even the heaviest grease and soil. **United 350** is safe to use on rubber, plastic, concrete, all metals, most painted surfaces and shows little or no corrosion even on copper, aluminum and steel. **United 350** is the ideal institutional cleaner for removing greasy soil from kitchen hoods, duct-work, light fixtures, stoves, filters, grills, food preparation equipment, walls, floors, restrooms, lunchrooms and more. In industrial applications, use **United 350** to clean and degrease all metal parts, machinery, automotive equipment and more.

After **United 350 EARTH SMART® DIRTY FIGHTER II** removes grease and oil from surfaces being cleaned, the grease and oil quickly rise to the top of the cleaning solution. The grease and oil can then be quickly removed from the solution before it is discharged into the wastewater stream.

1 to 5% solution strengths of **United 350 EARTH SMART® DIRTY FIGHTER II Demulsifying Degreaser** release most if not all oil, instantaneously.

A 10% solution strength of **United 350 EARTH SMART® DIRTY FIGHTER II Demulsifying Degreaser** releases most if not all oil in a couple of hours.

#### DIRECTIONS FOR USE:

Dilute **United 350** with water according to the following directions, and apply to surface to be cleaned by using a sprayer, mop or automatic scrubbing equipment.

**FOR LIGHT DUTY CLEANING:** Dilute **United 350** with 50 parts water for cleaning of copiers, office equipment, bathrooms and lightly soiled surfaces.

**FOR GENERAL CLEANING:** Dilute **United 350** with 20 parts of water. This dilution will clean normally soiled surfaces such as walls, kitchen appliances, truck bodies, floors, etc., safely and economically.

## United 350

#### DIRECTIONS FOR USE (Continued)

**FOR HEAVY DUTY CLEANING:** Dilute **United 350** with 10 parts of water and apply to area to be cleaned. Agitate the solution with a stiff brush or scrubbing pad and allow cleaner to remain in contact with the soiled area for three or four minutes. Do not allow surface to dry out. Then rinse thoroughly with clear water.

**FOR FOOD PLANT AND OTHER INDUSTRIAL USE:** Food contact surfaces are to be washed and rinsed with potable water before reuse.

**CAUTION:** Contains Sodium Silicate (CAS # 1344-09-8). Avoid contact with skin and eyes.

#### EMERGENCY AND FIRST AID PROCEDURES:

**EYES:** Immediately flush with plenty of water for at least 15 minutes while holding eyelids open. Seek medical attention immediately.

**SKIN:** Remove contaminated clothing. Wash with soap and plenty of water. If irritation persists, seek medical attention.

**INHALATION:** Remove to fresh air. If symptoms develop, seek medical attention. If not breathing, give artificial respiration.

**INGESTION:** Do NOT induce vomiting. If conscious, give cold water to dilute the product. Never give anything by mouth to an unconscious person. Seek medical attention immediately.

An MSDS for this product is available through United's website, [www.unitedlabsinc.com](http://www.unitedlabsinc.com), providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.
