DANGER—POISON
AVOID BREATHING ANY FUMES, IF THEY OCCUR. CHEMICAL CAUSES SEVERE BURNS.
KEEP OUT OF REACH OF CHILDREN.
STORE IN A SAFE PLACE.

Chemically converts grease blockages into soap so waste can be flushed away with water. Normally, it will not cause any fumes when used according to directions.

DIRECTIONS:

Remove all standing water from drain. If available, use a kitchen baster to draw additional water out of drain to make room in the drain for the chemical. This will serve to put the chemical in closer contact with the blockage. Pour in 4 to 8 ounces. Let stand for five to ten minutes, and then add one cup of cool water, slowly. Add additional water slowly, and when it is determined the drain is open, turn on the hot water faucet and give the drain a three to five minute flush with hot water. It is recommended this product be used in a regular weekly maintenance program.

DANGER: CONTAINS POTASSIUM HYDROXIDE
(CAS # 1310-58-3).

Wear skin and eye protection when using. Causes severe burns to eyes and skin. Harmful to shoes or clothing.

—DANGER:—

NEVER ADD THIS PRODUCT TO DRAINS IN WHICH OTHER DRAIN CLEANERS HAVE BEEN USED. CAN CAUSE DANGEROUS CHEMICAL REACTIONS.

EMERGENCY AND FIRST AID PROCEDURE:

EYES: Immediately flush with large amounts of water for at least 15 minutes holding lids apart to ensure flushing of the entire surface. Tilt head to avoid contaminating other eye. Get medical attention immediately.

SKIN: Immediately wash contaminated areas with plenty of water for 15 minutes. Remove contaminated clothing and footwear and wash clothing before reuse. Get medical attention immediately.

INHALATION: Remove to fresh air; if breathing is difficult, have a trained person administer oxygen. If breathing stops, give CPR. Get medical attention immediately.

IF SWALLOWED: DO NOT INDUCE VOMITING. Never give anything by mouth to an unconscious person. Give large quantities of water. If available give several glasses of milk. Get medical attention immediately.

An MSDS for this product is available through United's website, www.unitedlabsinc.com, providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.

Always rinse empty container with water to remove all chemical, before discarding. Never transfer contents to unmarked package. Store out of reach of unauthorized personnel.
