# BacPac Foaming Drain Treatment

### DIRECTIONS FOR USE:

Fill a 16 ounce container with warm water and set aside. Empty complete package into the drain. Slowly add the warm water. Product will foam to coat and treat 360 degrees of pipe. To avoid overflow, cover drain with cloth. For best results, use product twice a month when flow is at a minimum.

**KEEP OUT OF REACH OF CHILDREN.**

### CAUTION

**SEE SIDE PANEL FOR ADDITIONAL  
PRECAUTIONARY STATEMENTS.**

#### PRECAUCION AL USARIO:

*Si usted no puede leer Ingles, pregunte a alguien que le traduzca esta etiqueta para usted antes de uso.*

### EMERGENCY AND FIRST AID PROCEDURES:

**EYES:** Flush with plenty of water for at least 15 minutes. If irritation persists, call a physician or poison center.

**SKIN:** Wash with soap and water. Apply a topical antiseptic agent.

**INHALATION:** Remove to fresh air. Apply CPR if needed. Call a physician.

**IF SWALLOWED:** If conscious, give plenty of water and induce vomiting under the direction of a physician. Call a physician or poison center.

An MSDS for this product is available through United's website, [www.unitedlabsinc.com](http://www.unitedlabsinc.com), providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.
