LABORATORIES

- REMOVES SOAPY BUILD-UPS
- EMULSIFIES GREASE AND SOIL
- PROVIDES VISIBLE SHEEN
- SEALS SURFACE PORES AND REDUCES RESOILING
- DEODORIZES AS IT CLEANS

#### SPECIALLY FORMULATED TO MAINTAIN AND BEAUTIFY:

- Marble
- Ceramic Tile
- Vinyl resilient and hard surface floors.
- Terrazzo
- Concrete

#### DIRECTIONS:

**United 444** is a low foam cleaner, ideal for both mopping and scrubbing machines. Has excellent cleaning power, without excessive troublesome sudsing. When used according to directions, it normally requires no rinsing. When beginning to use **United 444** it is recommended that a dilution of 20 to 1 be used (1 quart of **United 444** to five gallons of water.) After two or three cleanings, you may expect to reduce the amount of **United 444** used by approximately 50%.

#### NOTE:

Water base cleaners are not recommended for use on **wood floors**, as the water causes checking and warping.

**United 444** will not give the high gloss associated with regular floor finishes, but as it is used over a period of time, it will provide a hard, low gloss finish — much like furniture that is finished with satin varnish. Buffing between cleanings will enhance the low gloss finish.

**United 444** offers a completely new concept in floor care. It contains surfactants, cleaners, deodorizers and microcrystalline and synthetic waxes, so it provides one step floor care. It cleans and waxes in one operation, and under normal conditions, eliminates the need for ever stripping the floor again.

Because of its unique formulation, **United 444** eliminates the need for separate cleaners, floor finishes, and wax strippers. One product does everything, saving time, money, and storage space. Ideal for restoring no-wax floors.

**UNITED LABORATORIES, INC.**  
320 37th Avenue • St. Charles, IL 60174  
1-800-323-2594 • [www.unitedlabsinc.com](http://www.unitedlabsinc.com)

#### CAUTION:

Contains pine oil (CAS # 8002-09-03), d-1, 8(9)-p-menthadiene (CAS # 5989-27-5) and diethylene glycol monomethyl ether (CAS # 111-77-3). Can cause eye or skin irritation. Harmful if swallowed.

#### EMERGENCY AND FIRST AID PROCEDURES:

**EYES:** Flush with plenty of cool water for at least 15 minutes and call a physician or poison center immediately.

**SKIN:** Wash with soap and water. If irritation persists, call a physician or poison center.

**INHALATION:** Remove to fresh air. If irritation persists, call a physician or poison center.

**IF SWALLOWED:** Drink large amounts of cool water to dilute and call a physician immediately. Never give anything by mouth to an unconscious person.

An MSDS for this product is available through United's website, [www.unitedlabsinc.com](http://www.unitedlabsinc.com), providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.
