LABORATORIES

## United 60

- Cleans and deodorizes floors of all types, finished or unfinished.
- Removes grease, oil, dirt and grime without abrading the finish or floor surface.
- Restores the luster to floors that have been scuffed, scratched or abraded by heavy traffic.
- Absolutely will not strip off floor finishes or sealers.
- Ideal for "soft" or man-made stone floors such as marble, granite or synthetics.
- Works by surfactant action: breaks the adhesion of dirt and grime to floor surfaces and floats them away. Does not rely on chemical attack with harsh solvents, alkalis or acids.

### DIRECTIONS:

**FLOORS** — Vinyl, rubber or asphalt tile and linoleum: Use 2 to 4 oz. (60 mL to 120 mL) of **United 60 NEUTRA-CLEAN** per gallon of water. Used in this dilution, **United 60** will not remove wax or floor finishes. Damp mop floor to remove soil and dirt. After floor is dry, a light buffing will enhance the beauty of the floor, as **United 60**'s unique formula provides a reactivator for finished surfaces.

**Terrazzo, ceramic tile and marble:** For normal cleaning use 4 to 8 oz. (120 mL to 240 mL) per gallon of water. If floor is exceptionally soiled, increase strength of solution to 10 oz. (300 mL) per gallon of water.

### DIRECCIONES:

**PISOS; Vinyl pisos de hule, asfalto, y linoleo:** Use 2 - 4 onzas (60 - 120 ml.) de **United 60 NEUTRA-CLEAN** por un galon (4 litros) de agua. Diluir en esta forma, **United 60** no dañará la cera o brillo de los pisos. Use un mechon humedo para quitar tierra y mugre. Cuando el piso este seco saquele brillo dandole una ligera pulida. Es todo lo que **United 60** requiere para volver el brillo a su piso.

### DIRECCIONES:

**Terrazo, Ceramica, Azulejo, Marmol:** Para limpieza normal use 4 - 8 onzas (120 - 240 ml.) por galon (4 litros) de agua. Si el piso esta demasiado sucio use 10 onzas (300 ml.) por galon de agua.

### EMERGENCY AND FIRST AID PROCEDURES

**EYES:** Flush with plenty of cool water for at least 15 minutes. If irritation persists, call a physician or poison center.

**SKIN:** Wash with soap and water. If irritation persists, call a physician or poison center.

**INHALATION:** Remove to fresh air. Apply CPR if needed and call a physician or poison center immediately.

**IF SWALLOWED:** DO NOT induce vomiting. If conscious, give several glasses of water to dilute. Call a physician or poison center.
