LIQUID SUNSHINE™—The ONE product you need for ALL of your daily housekeeping.

- Single product has multiple uses...floors, walls, washrooms, counters, tables, non-wooden desks and other casual furniture, chalkboards and white boards, smoking lounges, windows and mirrors, trash areas—any hard surface.
- Specifically-targeted enzymes and tough surfactants cut through built-up dirt, grease, grime, smoke, food residue, and soap scum.
- Concentrated formula provides great economy—especially when used with one of United's Blend Centers.
- Ideal for most cleaning applications—use in trigger sprayer, mop bucket, floor machine or low pressure sprayer.
- Fresh **Sunshine** scent leaves areas smelling clean.

Earth Smart® formulation means there are NO environmental or safety hazards.

- No hazardous components.
- No VOCs.
- Non-toxic formula assures safety for workers, customers, patients and students.
- May reduce or eliminate the need for reporting or compliance with numerous government regulations.
- Near neutral pH—will not dull, strip or streak finished floors.
- Patented Separation Technology helps wash water stay cleaner, longer.
- Beneficial to drain system maintenance and waste water treatment operations.
- Non-flammable.
- Ag Canada applications on file.

DIRECTIONS:

Below are suggested dilution rates for most applications:

- Light Duty: 128:1
- Medium Duty: 32:1 to 64:1
- Heavy Duty: 10:1

Do not spray or mist **LIQUID SUNSHINE™** at concentrations stronger than 32:1.

Cleaning effectiveness is affected by Temperature, Agitation, Concentration and Time (TACT). Adjust each to maximize your cleaning process.

DIRECTIONS: (continued)

SUGGESTIONS FOR USE WITH EQUIPMENT: To simplify your operation and maximize your economy, we strongly suggest using **LIQUID SUNSHINE™** with one of United's Blend Centers for automatic dilution.

Mop-and-Bucket: Use a 32:1 solution for mopping floors. To avoid excessive foaming, put the water in the bucket first.

Trigger Sprayer: For general spray-and-wipe cleaning, use a 64:1 solution. For windows, mirrors and other glass surfaces, use a 128:1 solution.

Hosemaster Sprayer: To clean large areas such as shower rooms and locker rooms, fill the bottle with straight product. The Hosemaster automatically dilutes to preset rates.

EMERGENCY AND FIRST AID PROCEDURES:

EYES: Flush with cool water for at least 15 minutes and call a physician or poison center.

SKIN: Wash with soap and water. If irritation persists, call a physician or poison center.

IF MIST IS INHALED: Remove patient to fresh air. If irritation persists, call a physician or poison center.

IF SWALLOWED: Induce vomiting only under the direction of a physician. Never give anything by mouth to an unconscious person. Call a physician or poison center immediately.

An MSDS for this product is available through United's website, www.unitedlabsinc.com, providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.
