LABORATORIES

United 215

With **SURROUND**, messy and dangerous spills, condensation and other moisture can be quickly and completely encapsulated into a dry powder.

IDEAL FOR:

- Manufacturing facilities around production equipment.
- Print Shops for blanket wash and ink around presses.
- Fleet garages for oil spills on concrete floors.
- Tool and die shops for cutting and tapping fluid.
- Non-Flammable

DIRECTIONS FOR USE:

For ongoing use, sprinkle around equipment areas where leaks and condensation may puddle. **SURROUND** will encapsulate liquid so that it can be easily swept up and disposed.

For spills, cover the entire wet area with **SURROUND**. Let product work and sweep up when all the liquid has been encapsulated. Large spills or deep puddles may require more time or some turning to get liquid fully encapsulated.

- Do not use on Hydrofluoric Acid
- Picks up water based spills
- 2.5 pounds product to 1 pound spill

Manufactured and Printed in U.S.A. 113

SURROUND Oil And Spill Encapsulate

KEEP OUT OF REACH OF CHILDREN.
