United 947 GREEN SHIELD II:

- Premium quality, high performance grease.
- Specially formulated to withstand high temperatures up to 400°F (204.4°C).
- Specially formulated to resist rust, oxidation, corrosion, salt spray, steam, dirt, dust and most acids.
- Protects against severe shock loading and pounding.

DIRECTIONS:

It is recommended that all old grease be removed prior to using **United 947** to avoid potential incompatibility issues. Never mix greases of different soap base types.

NOTE: United 947 meets NLGI GC-LB classification for use as wheel bearing and chassis lubrication.

TEST SPECIFICATIONS:

NLGI Grade:	2.5
Worked Penetration (ASTM D 217):	255 mm/10
Timken Load (ASTM D 2509):	65
Water Resistance:	Excellent
Oxidation Stability:	Excellent
Drop Point, F	Non-Melt
Four Ball EP Test, kg (ASTM D 2596)	400+

CAUTION:

Do not ingest. Avoid contact with skin. Keep containers sealed until ready to use. Avoid excessive long-term storage temperatures to prolong shelf life. Store below 120°F in well ventilated area.

EMERGENCY AND FIRST AID PROCEDURES:

EYES: Flush with plenty of cool water for at least 15 minutes. If irritation occurs get medical attention.

SKIN: Wash with soap and water. If irritation persists get medical attention.

INHALATION: Remove to fresh air immediately. For breathing difficulties oxygen may be necessary. Get medical attention if any discomfort continues.

INGESTION: DO NOT induce vomiting. Get medical attention.

Notes to Physician: High pressure injection under the skin may have serious consequences and may require urgent treatment.

An MSDS for this product is available through United's website, www.unitedlabsinc.com, providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.
