UNITED 949 UNI-LUBE MP:

- Premium quality, lubricating grease utilizing an innovative thickener technology.
- Specially formulated to withstand high temperatures up to 472°F (244.4°C).
- Provides exceptional lubricity, thermal stability, rust protection and water washout resistance.
- Mechanical stability surpasses conventional greases – ideal for high load applications.

DIRECTIONS:

It is recommended that all old grease be removed prior to using **UNITED 949** to avoid potential incompatibility issues. Never mix greases of different soap base types.

TEST SPECIFICATIONS:

NLGI Grade:	2
Worked Penetration (ASTM D 217):	265-295 mm/10
Timken Load (ASTM D 2509):	65
Water Resistance:	Excellent
Oxidation Stability:	Excellent

CAUTION:

Do not ingest. If this should occur, drink large volumes of water and seek medical attention. Avoid storage of product in freezing temperatures. Keep container sealed when not in use

EMERGENCY AND FIRST AID PROCEDURES:

EYES: Flush with plenty of cool water for at least 15 minutes. If irritation occurs get medical attention.

SKIN: Wash with soap and water. Remove contaminated clothing and shoes. Wash clothing before reuse. Clean shoes before reuse. If irritation persists get medical attention.

INHALATION: Remove to fresh air immediately. For breathing difficulties oxygen may be necessary. Get medical attention if any discomfort continues.

INGESTION: DO NOT induce vomiting. If conscious, give several glasses of water to drink. Get medical attention.

An MSDS for this product is available through United's website, www.unitedlabsinc.com, providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.
