CONTENTS

- THE EARTH SMART® SOLVENT FOR THE NEW MILLENNIUM:
 - NO HAZARDOUS COMPONENTS
 - VERY LOW VOLATILE ORGANIC COMPOUNDS (VOC)
 - RANKED ZERO OR ONE IN ALL HMIS CATEGORIES
- CREATED FROM REFINED VEGETABLE OILS...AN AGRICULTURALLY PRODUCED, RENEWABLE RESOURCE FROM THE HEARTLAND
- VERY LOW ODOR
- HIGH SOLVENCY
- NON-TOXIC: NON-ACID, NON-CAUSTIC, NON-CHLORINATED... CONTAINS NO PETROLEUM DISTILLATES
- READILY BIODEGRADABLE

United 2004 is one of United's **HARVEST GOLD** products, especially designed to clean and deodorize lift stations. The superior solvency of the product cuts grease and slime from the sidewalls of the station. When the proper layer is maintained, **HARVEST GOLD 2004** will keep grease under control and reduce odors.

Use **HARVEST GOLD 2004** in conjunction with United 884 BioCharge/BioFarm® system to keep your collection system running free of accumulated grease and odors.

DIRECTIONS:

Add sufficient material so that 1" (2.5 cm) or 2" (5.1 cm) of material floats on the surface of the water. This material will dissolve and solubilize grease accumulations in the lift station, as well as the grease accumulation on the side walls where it comes in contact.

Ask your United Representative for your suggested weekly maintenance dose. The recommended maintenance dose (1/4 of your initial dose per week) is strictly a suggested starting point. Conditions of use and load requirements may cause this to vary widely.

When using a metering pump with this product, you must use Viton® tubing.

Manufactured and Printed in U.S.A.

United 2004 **HARVEST GOLD** Lift Station Maintainer

**KEEP OUT OF REACH OF CHILDREN.
CAUTION
SEE SIDE PANEL FOR ADDITIONAL
PRECAUTIONARY STATEMENTS.**

PRECAUCION AL USARIO: Si usted no puede leer Ingles, pregunte a alguien que le traduzca esta etiqueta para usted antes de uso.

**Manufactured and Sold Exclusively By:
UNITED LABORATORIES, INC.
320 37th Avenue • St. Charles, IL 60174
1-800-323-2594 • www.unitedlabsinc.com**

IMPORTANT:

Be sure float is solvent resistant and is set, so the water level never goes to the point where the station is completely pumped out. Enough water should always remain in the station, to keep this maintainer intact. Submersed pumps and wiring must be solvent resistant. **United 2004** will attack plastics, rubber, neoprene and soft materials. **DO NOT USE United 2004 IN TURBULENT LIFT STATIONS.**

CAUTION:

Avoid contact with eyes. Harmful if swallowed.

EMERGENCY AND FIRST AID PROCEDURES:

EYES: Immediately flush with plenty of water for at least 15 minutes. Call a physician or poison center.

SKIN: Wash with soap and plenty of water. If irritation develops, call a physician or poison center.

INHALATION: Move victim to fresh air. Call a physician or poison center. If not breathing, give artificial respiration.

INGESTION: DO NOT induce vomiting. Call a physician or poison center immediately. If vomiting occurs have victim lean forward to reduce risk of aspiration.

For food plant and other industrial use, avoid contamination of food in the application and storage of the product. Do not use in food handling areas.

An MSDS for this product is available through United's website, www.unitedlabsinc.com, providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.
