LABORATORIES

CLEAN 'N SURE cleans your floors and keeps you sure-footed as you walk upon them after they've dried!

This bio-based formulation is Earth Smart® Certified, indicating it is safer in use for both the user and the environment. A specially formulated combination of chemistry and biology utilizes high performance microorganisms (20 billion CFU/gal), nutrients, biological enhancers and surfactants to provide accelerated degradation of organic materials that build up on floor surfaces over time. Reduced slip additives improve traction after floor has dried, reducing possible slip hazards.

CLEAN 'N SURE:

- Saves time, money and reduces hazards.
- NPE-Free
- VOC-Free
- Contains no OSHA hazardous ingredients.
- No-rinse formula will not leave oily residue with repeat applications.
- Emulsifies both trans fat and trans fat-free greases.
- Biologicals continue to degrade organic matter embedded in porous areas and grout even after the washing is complete.
- Deodorizes with light lemon fragrance.

Ideal for use on flooring that is not damaged by water like quarry tile, ceramic tile, porcelain, cement or linoleum. Not recommended for use on wood or cork flooring.

DIRECTIONS FOR USE:

1. Sweep floor and clean up all loose debris.
2. Prepare dilution in mop bucket according to dilutions as noted.
3. Liberally apply wash water with a clean mop and let floor sit wet for 5 – 10 minutes.
4. Squeegee excess water to drain or mop up.
5. DO NOT rinse. Let the floor continue to air dry. Biologicals will then continue working to biodegrade soils trapped in grout and pores, while providing residual action.

CLEAN 'N SURE

Floor Cleaner with Reduced Slip Additive

KEEP OUT OF REACH OF CHILDREN.
CAUTION
SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

PRECAUCION AL USUARIO:

Si usted no puede leer Ingles, pregunte a alguien que le traduzca esta etiqueta para usted antes de uso.

Manufactured and Sold Exclusively By:
UNITED LABORATORIES, INC.
320 37th Avenue • St. Charles, IL 60174
1-800-323-2594 • www.unitedlabsinc.com

DILUTIONS:

- Light Duty – Add 2 oz. per gallon of water.
- Medium Duty – Add 4 oz. per gallon of water.
- Heavy Duty – Add 5 to 6 oz. per gallon of water.

Do not use product in combination with bleach or disinfectants as it will inhibit action of beneficial biological activity. Product may be diluted with warm or cool water. Do not use water below 40°F.

EMERGENCY AND FIRST AID PROCEDURES:

EYES: Flush eyes with cool water for at least 15 minutes while holding eyelids open. If irritation persists, call a physician or poison center.

SKIN: Wash with soap and plenty of water. If irritation persists, call a physician or poison center.

INHALATION: Remove to fresh air. If irritation persists, call a physician or poison center.

INGESTION: DO NOT induce vomiting unless told to do so by a poison control center or doctor. Can dilute by giving 1 or 2 glasses of water. Do not give anything by mouth to an unconscious person. Call a physician or poison control center immediately.

An MSDS for this product is available through United's website, www.unitedlabsinc.com, for 24-hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.
